Open Competitions

Open competitions are held throughout the season and Pro Shop competitions most Sunday's with special offers on greenage.

Tee Times

To book a tee time, use their online tee time reservation service or alternatively you can give us a call on:

01624 843 456.

BECOME A MEMBER

Playing golf is not only just great fun, it also gives you a great opportunity to keep active without it feeling like a chore. As golfers, we also have a chance to socialise on and off the golf course with the use of our 19th hole, as well as using the golf course as our office for the day if friends or clients play golf too.

Golf is a great way to make new friends and renew old friendships and at Peel Golf Club, members also enjoy the following benefits:

Free Insurance*

Our memberships include Carrick Neill Golf Insurance, covering personal liability for damages and potentially expensive holes in one!

Clubhouse Discounts

Members enjoy large discounts in the Congary bar and restaurant, with 10% off Bar Menu food, and 2.5% off drinks.

Discounted Junior Membership*

Children and grandchildren of Full Members are eligible for discounted Junior Membership (including IoM Golf Union affiliation fees).

Congu Handicap

All our members receive a fully maintained CONGU handicap, providing the opportunity to both play in competitions and play at many high quality courses worldwide.

Discounts at Other Clubs*

Our championship course is a proud member of both the Association of James Braid Courses and Club 1895. As such, members can benefit from discounts at other associated courses. Consult our James Braid and Club 1895 pages to find out how.

Isle of Man Golf Union Affiliation

Through the Isle of Man Golf Union, our members have the opportunity to play in organised events across the Island and represent the Club in inter-club matches, including men's Scratch League, ladies, seniors and juniors.

*Terms and conditions apply, contact us for more information.

THE COURSE

The course is extremely varied, with many holes having been developed on farmland, cleared of gorse and bracken. It offers a complete range of natural hazards from streams, turf banks to gorse.

The longest hole is the par 5 seventh but perhaps the most daunting is the par four dog-leg right eleventh. This hole demands a long and accurate tee shot over a long carry of gorse bushes, to set up a mid-iron second to the green.

The fourth hole is also a favourite with the members, as the stream comes into play with the approach shot to this tricky green.

The greens at Peel are always an excellent element of the course and it requires a certain degree of course management to plot a good score. However, the stunning views from the course and the facilities on offer when you reach the clubhouse make any round of golf here pleasurable.

THE CLUBHOUSE

The year 1977 was described as “one of the most momentous in the history of the club” as Peter Alliss opened the sparkling new clubhouse.

It marked the completion of the successful development of the club, and was the result of a lot of hard work by the members over the years.

The Clubhouse is now an ideal setting to relax over a drink and watch players approach the 18th green and set off down the 1st. A full bar menu is also available with a great range of home made food on offer.

BAR & RESTAURANT

Our Clubhouse, the Congary, offers excellent food and drink to Club members and the public 7 days a week. Whether you are a golfer looking for a light after-round refreshment, or you are out for lunch, our Bar Menu and specials board has something for you.

We also host and cater for private functions; large or small, from birthday parties, to weddings, corporate events, to society meetings. The Congary with its breathtaking views is the perfect venue for you.

The Congary has two rooms; the spacious Main Room, and the cosy Centenary Room, both overlooking the course and the surrounding Manx countryside. The building is all on one floor, there is full disabled access and a disabled toilet available.

The image shows the interior of a golf pro shop. In the foreground, several polo shirts are hanging on a rack, including a dark blue one and a bright blue one. Below them, various pairs of golf shoes are displayed on top of their retail boxes, which are stacked on the floor. Some boxes are red (Nike) and others are black (Adidas). In the background, more clothing items are hanging, and shelves are filled with packaged accessories like socks and gloves. Golf bags are hanging from the ceiling. A large poster on the left wall features a golf ball and the text 'THE #1 BALL AT THE OPEN CHAMPIONSHIP'. A grey diagonal overlay covers the bottom left portion of the image, containing text.

THE PRO SHOP

Here in the Peel Golf Club Pro Shop you will be greeted by our Island's P.G.A. Professional. The shop is fully stocked year round with the latest clubs and apparel from a range of brands including Cobra, Titleist, Under Armour and Nike.

The Pro Shop also offers a wide range of repairs, including regripping, club length adjustment and reshafing.

For further details contact the shop on 01624 844 232

LET'S BE CREATIVE TOGETHER

There are many individual reasons for needing the services of an architect - maybe you are thinking of building a new home or perhaps you need a different room layout or extension in your existing home.

You may be a home owner or a business who is looking for specialist advice and guidance on how to make the best use of the space you already have.

Ellis Brown Architects was established in 1976 to focus on a broad spectrum of work ranging from large education, public sector, tourism and leisure, private residences and much more. They also offer project management and clerk of work services.

An architect should be involved from the earliest stages of your project, as they are able to offer you the benefit of their experience in deciding how to maximise the potential of your existing property or indeed, to propose ideas for the property you are about to purchase.

They will discuss your needs in detail and then produce a design scheme.

Ellis Brown
EXCELLENCE IN DESIGN

Once you have decided on the specific area of your home or business that requires attention, they will draw up the plans and submit these to the Local Authority for Planning and Building Regulations.

They have a tremendous amount of knowledge and experience in how these two processes work and know how to satisfy the very demanding and specific requirements of a Local Authority.

They will also prepare the full building specifications needed to obtain competitive prices from various building contractors.

You can also expect them to set out their professional relationship at the start of the commission to reflect your needs.

The objectives of their clients are met by professionalism and maintaining the highest standards of performance, efficiently and economically.

Whatever your building project, Ellis Brown Architects is ready and willing to take your call.

Quality Service, Quality People, Quality Products!

We take for granted that when we turn on the tap, hot water will appear and when we turn on the heating system at the start of winter, our radiators get warm.

However, if not cared for properly and with a basic lack of servicing, our systems can develop problems and in worse case scenarios cause untold damage to our property.

John Brooks Plumbing and Heating Ltd is a well known local business, established for 30 years on the Isle of Man, offering an island wide service to many existing satisfied customers, as well as potential new clients.

They offer a complete design, fitting and repair service for the following, underfloor heating, central heating systems, pressurised hot water systems and solar panel installation. They pride themselves on a complete design and fit bathroom service. Their services also include basic repairs for all those small plumbing issues.

They have recently been appointed island agents for Crosswater digital showers, which incorporate the latest digital showering technology, for whatever system you have at home.

If you need a free estimate for any upcoming projects or simply require a repair then please call John Brooks Plumbing and Heating.

Making your garden wildlife friendly

There are approximately 15 million gardens in the UK with some estimates putting their collective area at up to three million acres. Since 1900 Britain has lost at least 154 species of animal and 109 species of plant.

Much of this is due to the loss of habitat from housing, industrial developments and changes in farming practices.

If each of us that have a garden does just one or two little things to help the remaining wildlife then it will have a much better chance of surviving.

The UK has lost 90% of its lowland ponds so those in our gardens have a very important role to play in preserving the fascinating creatures found in them.

As a bonus the frogs and toads will eat the slugs and snails that have been munching their way through our plants

If you are thinking of planting a tree, firstly make sure it is the right size for your garden. Secondly consider choosing a native species.

In a recent study it was found that over 284 species were associated with the Oak, 15 with the Sycamore and none with the Plane tree. This diversity is the keystone to the success of our wildlife garden.

There are a lot of us that only have a back yard or balcony and feel that there is little that we can do, but this is not so.

A bird table or a bird bath will attract lots of different species who, once they know that food or water is available will return regularly. Hang up feeders and fill them with peanuts or specialist bird food.

There are many places to obtain advice on wildlife gardening, your local library, the web, your local wildlife club. A good start for birds is the R.S.P.B, www.rspb.org.uk.

For other wildlife try the Wildlife Trust, www.wildlifetrusts.org. Most important of all, relax, do not get hung up about it, anything you do is a help. Do something, sit back and enjoy the show.

PRINCE
CUSTOM WOODWORKING

Custom woodwork from a consummate professional

There is no surprise that when we move into our new home, we want to stamp our own individuality on it and there are bound to be a number of jobs which need doing which will require specialist skills.

This may be a new kitchen, new wardrobes or gates, it may be something a little more complex like a complete repair or refurbishment.

If this is the type of work you require, you would be well advised to contact Prince Custom Woodworking.

Established in 2010 by Barry Prince, he has a proven record of excellence for all types of joinery and building work and has built up an excellent reputation in the area.

After training as a cabinet maker, Barry has applied his skills to many different disciplines, gaining knowledge along the way.

When you contact Barry, you can expect to receive all the advice and guidance you will need.

15 Bridge Lane, Ramsey, IM8 3DE • Mobile: 07624 243 211 • Email: btc@manx.net

Before Barry starts any project, he will discuss your ideas and give you the benefit of his experience.

It is important to take advice from professionals so that you do not make any expensive mistakes or miss an opportunity to create something fabulous.

Finding a reputable business who offers such a wide range of different skills can sometimes be difficult, but not where this company is concerned.

He also appreciates how important it is to make sure that his customers get exactly what they are looking for and he will go to great lengths to ensure that this happens.

Barry knows that it is not enough to simply offer a wide range of services to his customers, he must also offer his customers quality work and affordable prices.

Whatever your requirements, however large or small, contact Barry at Prince Custom Woodworking and let him take care of you.

DISCOVER YOUR HEALTH AND WELLNESS

Since 1994, by act of Parliament, chiropractic has become a recognised and regulated profession in the UK. It provides the public the confidence that all those calling themselves chiropractors are educated, trained and qualified in the business of providing healthcare for neuro-musculoskeletal disorders to the highest standards. Although it shares similarities with other health professions, its emphasis on finding and treating the root cause of a problem, naturally, without drugs or surgery, distinguishes it from other forms of medicine.

Align 4 Life is the island's state of the art spine and posture correction clinic and family wellness centre. They specialise in improving the nervous system to reduce the effects of stress on the brain and body.

Their purpose is to assist families to get well and stay well, enabling them to attain their optimum potential by improving five key areas: movement, stress levels, brain function, nutrition and self-talk.

They have found that the most effective way of conservatively correcting the spine and posture is through a combination of specific exercises, spinal adjustments and spinal remodelling traction. Align 4 Life have answers to helping you achieve better movement, better posture and a better life. In addition, they also give coaching on eating, moving and thinking well. This ensures their clients have all the knowledge and tools to implement a holistic approach and achieve their optimal health potential.

With the aid of state-of-the-art technology including digital X-Rays, brain and nervous system assessments, a computer-generated posture analysis and more than 15 years of clinical experience, Align 4 Life can determine the root cause of a problem and customise a corrective care program to suit the individual's needs.

Some of the common problems they can help with include:

Back and neck pain, sciatica, numbness, pain or tingling in arms/legs, shoulder problems, hip/knee and groin pain, headaches and many stress related disorders.

A full assessment including EEG brain analysis, heart rate variability test and X-rays (if necessary) is £99 for Peel Golf Club members.

A picture is worth a thousand words

Sarah-Eve Images is an established business that offers a fresh, exciting approach to photography. Images are captured in a unique and dynamic style but always with a touch of femininity and elegance.

The business was established by Sarah Eve Robinson who brings her own individual flair to photography. She has an eye for the detail which will turn your photograph into an interesting and exciting representation.

After 20 years full time work in an accountancy, and more recently in property management she now works part-time. In the other 'part' of her time, combined with her love for dancing and sewing, she developed a passion for photography and always carries out her work with professionalism.

With a speciality in newborn photography, Sarah believes that each little one has its own personality no matter how tiny, and so does their family.

Sarah tries to capture this in her portraits, capturing emotions, personalities and those quirky little details that parents love.

Somehow the creativity of sewing matches perfectly with newborn photography and encourages Sarah to make her own headbands and props on occasion.

With a cozy little studio set up in her home, Sarah hopes you can be nice and comfortable for your unique photoshoot. She also provides a mobile service if this is something you prefer.

It is a fact of life that whatever we are looking at, it is always the picture which first captures our attention and if there is sufficient interest, we will then read the detail.

Having enrolled on a post-graduate diploma photography course with the British Academy of Photographers where she learned her photography basics, she continues to supplement her learning by attending practical workshops with an award winning photographer, Sarah is willing to push herself and widen her experience.

Using the latest digital technology, Sarah not only specialises in newborn photography, she also offers fun photography, informal portraits, events photography and elegant wedding photography.

The high quality of the work carried out by Sarah makes her very much in demand, but she will always find the time to discuss what you require and will go out of her way to satisfy your needs.

When you first contact Sarah-Eve Images, Sarah will listen to your wishes and then guide you as to the best way to achieve these. You can expect her to be with you every inch of the way.

OUR HISTORY

Peel Golf Club was founded in 1895 in the area known as the Congary in Peel. Like the rest of the Isle of Man in the 1890s, Peel was a place humming with activity. The golf links were needed to help establish Peel's reputation as a superb holiday centre.

Throughout the course of the War Years the officials struggled hard to keep the club going. Immediately after the Second World War, Frank Dalglish recognised that a lot of money needed to be spent on the club. He acquired the lease of the course, built an imposing clubhouse and helped to develop a vibrant social membership. His initiatives can be seen as a turning point in the club's fortunes.

In a different but equally valuable way the efforts of Frank Sloane served the club well. As part-time green keeper he kept the course in fine condition by working on the greens and fairways at 5 a.m. before going to regular employment. Eddie Lancaster was also the Club Secretary for some 10 years at a crucial time in the club's history. His infectious enthusiasm and infinite capacity for working in the club's interest helped make Peel Golf Club what it is today.

As the club embarks upon its second century, it does so with a course and clubhouse dramatically different from that prevailing even 40 years ago, let alone 100. Today the club and its course are priceless assets for Peel and indeed the Island as a whole. The acquisition of the land guarantees golf here for many years to come. No doubt fresh challenges and anxieties will arise in future years, however the spirit of Peel Golf Club and its members will keep it moving forward.
