THE WISE MOVE

TOP TIPS FOR SELLING YOUR HOUSE

Selling your property quickly and gaining the best possible price is the priority for any prospective seller. The key to achieving this is to present your property to its best potential. This will help the buyer to connect with the property, to picture themselves in it and then to make that all important offer.

Our top tips for securing a quick sale are listed below:

Kerb appeal

People form an immediate opinion of a house based on how it looks when they see it from the outside. Maximise this opportunity by making the appearance of the house as attractive as possible. Ensure that your garden is kept tidy, it will look larger and in need of less maintenance than an untidy one. Put pots of flowers at your door to add a nice welcome. A fresh coat of paint can work wonders to improve the appearance of your front door and window sills.

De-clutter

People need to be able to imagine how the house would look with their possessions in it. To allow them to do this, you need to declutter, but not completely depersonalise. Make sure the interior of your home is free of clutter. Remove bulky furniture and clear out unwanted ornaments, books and toys.

Complete DIY jobs

Buyers do not want to buy a house which requires a lot of work done to it. And so it is important to carry out all the DIY jobs you have been putting off: change the lightbulbs, fix the gate, replace missing handles. You might even want to consider a fresh coat of paint throughout the house.

Pets

Buyers will love them, hate them, or be allergic to them so make sure that your pets are out of the house during viewings and ensure that you freshen up your home to remove any pet odours.

Viewing the property

If you are showing people around your home try to be as helpful as possible and answer all their questions truthfully. Give local Information about the community and transport and also any history about the property which will help people imagine what it would be like to live there. Give ideas about the potential of the property i.e. extending into the attic, and describe how others nearby may have done this.

Light and airy

Wall mirrors make a room look much bigger and lighter. Consider putting some up, especially in smaller rooms or hallways. Clean windows inside and out, and replace any broken light bulbs. Making the place feel light and airy makes rooms feel bigger and the property more attractive. Ensure that you have lamps on in any dark corners. Putting a soft lamp in the bathroom can create a warm glow.

HOMEBUYERS

10 STEP GUIDE

- 1) Obtain financial advice from a bank or financial advisor so you know what type of property you can afford to buy
- 2) Find a property that suits your requirements, make an offer through the estate agent that arranged your viewing
- 3) Acquire advocate quotes, choose an advocate, forward advocate details to the estate agent ideally within 48 hours of having an offer accepted
- 4) Contact your financial advisor/mortgage provider to let them know you have found a property and provide all financial details required
- 5) Instruct and pay your mortgage provider for the survey, follow up the survey and check the results, your mortgage offer should follow within a few days
- 6) Contact your advocate and pay for the searches
- 7) Once your mortgage offer is accepted and all legal questions are answered you will be able to agree dates for the exchange and completion of your property purchase
- 8) Ensure you pay your deposit and make an appointment to sign all outstanding paperwork with your advocate including the contract.
- 9) Exchange contracts and then arrange a completion date normally 2 weeks apart.
- 10) You need to make arrangements to collect your keys either from the house you are buying or from the estate agent or advocate. Congratulations

* IMPORTANT- Keep in touch with your financial advisor, advocate and estate agent, always return their calls asap and return documents when requested. Depending on your circumstances sales can take between 2 weeks and 3 months with the average for a first time buyer being 10-12 weeks.

ADVICE TO PEOPLE BUYING PROPERTY

There are very few purchasers who buy the home of their dreams and do not want to change anything.

All too often when you view a property you see it as it is, not as what it could be. The best way to view a property is to use the viewing record page in this guide. List all the positive and negative points of the property and your feelings about it.

Then in your own time sit down and work out how much it will cost you to alter the property to your own tastes and requirements. The businesses featured in this guide are there to help you do this.

At the end of the day the choice is yours, however, there have been many property transformations which have taken a less than perfect property and turned it into a home anyone would be proud of.

Quality, Service and Outstanding Value

There is no doubt that the decoration in any room can play a significant part in the impression you get when you first enter, however, it is the furniture and furnishings which will make a lasting impression. It is these items and where they are placed which can be so important.

There is also another consideration, these items must be functional and easy on the eye, whilst at the same time being comfortable and easy to use, which sometimes means that you will have to pay to get the quality you require.

Whilst that may be true of many places, it is certainly not true of SMS Trading who can be found on Parliament Street, Ramsey.

SMS Trading offer a variety of new and second hand furniture so you are sure to find something to suit your budget.

Established in February 2011, SMS Trading is a small family run business with many years experience in the furniture industry, the business has built up an enviable reputation for stocking high quality products at extremely realistic prices.

They base their reputation on providing quality, value and excellent customer service that they believe only comes from a locally run business.

As first impressions count, you will find a warm and friendly greeting as soon as you enter their showroom. The business believes wholeheartedly that the customer and their needs must always come first.

To satisfy the most demanding of needs, the business have a wide range of products in stock for their customers to choose from.

Because of the popularity of SMS Trading, you will also find that the stock turns around very quickly and they are well worth a regular visit to see what new items have arrived which may well tempt you.

Furniture stores abound and it would appear that we are spoilt for choice, however, if you are looking for a one stop shop which offers a wide range, very reasonable prices with a customer service to match plus local delivery across the island, then perhaps you should visit SMS Trading and discover the ideal solution.

WHAT DO YOU NEED TO KNOW ABOUT THE SALES PROCESS?

The process of selling a property may to many appear complicated, lengthy and drawn out, however, the following paragraphs will help you to better understand what happens.

Before you take the decision to put your property on the market, you would be well advised to instruct an advocate or conveyancer to handle your conveyancing.

The majority of people will not speak to an advocate until they have received an offer, however this can have the effect of delaying the entire process.

When you have received and accepted an offer on your property, the buyers advocate will send a letter confirming that your buyer has mortgage approval in principle.

As part of the conveyancing process, you or your advocate may be asked questions about your property or you may be asked to produce documentation supporting any information you provide.

Your buyer's advocate will also commence the legal and local authority searches legally required for a sale.

These will confirm your legal right to sell the property which is called 'Evidence of Title' and will also confirm the boundaries of the property.

Once all the searches and other details have been agreed, a contract for the sale will be put together and will be exchanged, this is known as 'the exchange contracts.'

This is also the point at which a completion date will be arranged with the buyer.

On the agreed completion date, the appropriate funds will be transferred from the buyer's advocate to your advocate and when this has been confirmed you will pass over the property keys to your buyer.

Never hand over the keys until your advocate has told you that the transfer of funds has been completed.

You should never at any time attempt to conceal information and should answer any questions honestly and to the best of your knowledge.

Any communication must be through your advocate and your estate agent. Never communicate with your buyer's advocate or with your prospective buyer.

The process is involved and it needs to be if your best interests are to be safeguarded. Property Wise are here to help every step of the way.

WHAT COSTS CAN WE EXPECT IN THE SALE OR PURCHASE OF A RESIDENTIAL PROPERTY?

It is inevitable that when you buy or sell a property you will attract costs and you will find listed below the majority of those applicable.

The actual amounts will vary and are dependent upon the price of the property being sold or purchased.

Selling a Residential Property

Estate Agents Costs – These are calculated as a percentage of the sale price. When you first put your property onto the market, your agent will have agreed with you a percentage commission which would include all the marketing and advertising activity associated with selling and promoting your home.

Legal Costs – These are associated with all the work your Solicitor will carry out during the conveyancing process and will be agreed before you instruct them.

Purchasing a Residential Property

Deposit – Once again a variable, however, this is the amount your mortgage provider will require you to pay as a down payment in order to obtain your mortgage.

Mortgage Valuation/Survey – This is an area you need to think about as you have three options. Property Wise will be happy to recommend a local independent Surveyor to advise you further.

- The Valuation Report only covers the mortgage provider. It will not tell you about any structural defects or other problem areas which could undermine your investment.
- The HBSA is a more detailed report and whilst costing a little more does provide a much more in depth analysis of your proposed purchase.
- The Structural Survey is advised for older property or in areas where there are known problems, such as subsidence.

Property Wise will be happy to advise you.

Mortgage Booking/Application Fee – This is a fee levied by your mortgage broker for setting up the mortgage and acting on your behalf. The cost can vary, but will be identified at the start of the process.

Rateable Value and Rates Payable – It is advisable to make a note of the Rates Payable on a property that you are interested in as they vary from area to area. Property Wise will be able to get this information for you.

There may be other costs associated with the purchase of a property, however, the ones listed above are the major areas you should be aware of.
